

Use this map to plan your self-guided tour of some of the Valley's premiere ceramics studios.

Many studios have ceramic works for sale. A portion of that money is donated to ASU Art Museum Ceramics Research Center to provide hands-on research opportunities and exhibitions of ceramic art.

Please see description for special hours for site 12.

On view:
"Wonderland: Patti Warashina and Michael Lucero"

Utilizing humor, imagination and fancy, internationally celebrated artists Michael Lucero and Patti Warashina are the subject of a new exhibition that considers their important work anew. The artists' long friendship began when Lucero was a student of Warashina's in the mid 1970s. All ceramic sculptures in this wonderful exhibition are drawn entirely from the ASU Art Museum's esteemed permanent art collection.

With nearly 3,800 pieces of contemporary ceramic art, the Ceramics Research Center has one of the best collections in the world.
Open Saturday + Sunday 10 a.m.-5 p.m.
